

Curriculum Vitae of Congjun Wu

RESEARCH AREA

My research is on the study of **new states of matter** and their **organizing principles** in condensed matter and cold atom systems. It includes superconductivity, magnetism, orbital physics, topological states, strongly correlated cold atom systems, and quantum Monte-Carlo simulations.

EDUCATION

- Ph. D. in Physics, Stanford University, Jun. 2002 - Sept. 2005.
Advisor: Prof. Shou-Cheng Zhang (deceased).
- University of Illinois at Urbana-Champaign, May 2000 - May 2002.
Advisor: Prof. Eduardo H. Fradkin.
- M.S. in Physics, Peking University, Beijing, China, Sept. 1997 - Jun. 2000.
Advisor: Prof. Zhao-Bin Su.
- B.S. in Physics, Tsinghua University, Beijing, China, Sept. 1992 - Jul. 1997.

EMPLOYMENT

- Mar. 2021 -* Chair Professor, Department of Physics, School of Science, Westlake University, Hangzhou, China
- Jul. 2017- Mar. 2021* Professor, Department of Physics, University of California, San Diego (UCSD)
- Jul. 2011- Jun. 2017* Associate Professor, Department of Physics, UCSD.
- Jul. 2007- Jun. 2011* Assistant Professor, Department of Physics, UCSD.
- Aug. 2005- Jun. 2007* Postdoctoral Research Associate, Kavli Institute for Theoretical Physics, University of California, Santa Barbara.

HONORS and AWARDS

- New Cornerstone Investigator (the inaugural award), 2023-2027.
- American Physical Society (APS) Fellowship, nominated by Division of Condensed Matter Physics, APS (2018).
Citation: "For research in helical edge liquids of topological insulators, itinerant magnetism, novel states of matter including cold fermions with high symmetries, orbital physics in optical lattices, spin-orbit coupled Bose-Einstein condensates, and for work on the quantum Monte-Carlo sign problem".
- Air Force Office of Scientific Research (AFOSR), Young Investigator Award, 2011-2014.
- Alfred P. Sloan Research Fellowship, 2008.
- "Outstanding Young Researcher Award" of Overseas Chinese Physics Association, 2008.
- The most influential paper award from Chinese Physics Society 2013 for "Wu, Mondragon-Shem, and Zhou, *Chin. Phys. Lett.* 28, 086104 (2011)" (This paper is one of two earliest works theoretically studying spin-orbit coupled BEC").

CITATION RECORDS

- Web of Science: Total citations **7290**, **H-index:** 45
- Researcher ID: <http://www.researcherid.com/rid/L-1750-2015>
- Google Scholar: <https://scholar.google.com/citations?user=RVhTP8oAAAAJ&hl=en>
Total citations **10656**.

PH. D. STUDENTS CULTIVATED

1. Dr. Yi Li, Ph.D. 2013.
She is currently an Assistant Professor at **Johns Hopkins University** since 07/2016. She was awarded the Sloan Research Fellowship in 2018, and the NSF Career Award in 2019. She did postdoctoral research at **Princeton Center of Theoretical Sciences** from 07/2013 to 06/2016.
2. Dr. Shenglong Xu, Ph. D. 2016.
He is currently an Assistant Professor from Department of Physics, **Texas A&M University** since 2023. He was a postdoctoral researcher at **University of Maryland** from 09/2016 - 12/2019.
3. Dr. Wang Yang, Ph. D. 2017.
Currently he is an Associate professor at School of Physics, Nankai University 2023. He was a postdoctoral researcher at **University of British Columbia**, working with Prof. Ian Affleck.
4. Dr. Hsiang-Hsuan Hung, Ph. D. 2011.
He did postdoctoral research at **UIUC** and **UT, Austin**, and is currently in industry.

POSTDOCTORAL RESEARCHERS SUPERVISED

- Dr. Wei-cheng Lee (08/2008-08/2010), Ph. D 2008 from UT Austin.
He is currently an Associate Professor at **Binghamton University, SUNY**.
- Dr. Zi Cai (09/2010–08/2012), Ph.D 2010 from Institute of Physics, Chinese Academy of Sciences. He is currently an Associate Professor **Shanghai Jiaotong University** since 2022, and an Assistant Professor from 2016-2022.
- Dr. Da Wang (09/2012–08/2014), Ph. D. 2012 from Nanjing University. He has been an Associate Professor at **Nanjing University**, China since 2015.
- Dr. Jianda Wu (09/2014–08/2017), Ph. D 2014 from Rice University. He has been an Associate Professor at **T. D. Lee Institute, Shanghai Jiaotong University**, China since 2018.
- Dr. Lunhui Hu (09/2018 –04/2020), Ph. D. 2018 from Zhejiang University. He will join **Zhejiang University** as an Assistant Professor in 2024.

SCIENTIFIC DUTIES

- Serve in the Editorial Board for “*Science China Physics, Mechanics & Astronomy*” since 2023.
- Serve in the Editorial Board for “*Physics(Wuli)*”, *Chinese Physical Society* since 2023.
- Serve in the Editorial Board for “*Chinese Physics Letters*” since 2015.
- Proposal Reviewer for National Science Foundation of China, U. S. National Science Foundation, Division of Materials Research and Division of Physics; U. S. Army Research Office; U.S. Air Force Office of Scientific Research; Research Grants Council of Hong Kong; the Foundation for Fundamental Research on Matter, the physics research council in the Netherlands.
- Referee for *Nature*; *Nature Physics*, *Physical Review Letters*, *Physical Review A*, and *Physical Review B*; *Nuclear Physics B*; *Physics Letters A*; *Europhysics Letters*.

PHYSICS COLLOQUIA (19)
